

EUROSTRONOMIA 2017-2020

Stellarium

SUGS "GeorgiDimitrov" – Skopje, R. Macedonia

Within the framework of the Erasmus+ Project "Eurostronomia" during December 2017 in correlation with local astronomical society in our school had a presentation about how work Stellarium - planetarium software that shows exactly what you see when you look up at the stars. On presentation were about 30 students from first and second year. On presentation our guest showed the characteristics of the program and possibilities when we use it.
